QUENTIN ANTHONY ANDERSON'S OFFICIAL STATEMENT ON TRUMP GUILTY VERDICT

Today, we witnessed a pivotal moment in American history as former President Donald Trump was found guilty on all 34 counts in the New York state hush money trial. This verdict reinforces the principle that no one, not even a former president, is above the law. It is a testament to the strength of our judicial system - when applied fairly & objectively - and the importance of accountability in our democracy.

As someone deeply committed to justice and integrity, I believe this ruling underscores the necessity for transparency and ethical behavior in public office. It is a reminder that the actions of our leaders must reflect the values we hold dear as a nation.

I understand that this verdict may be difficult for many to process, particularly for conservatives and Trump supporters. We must remember that our democracy is built on the principles of peaceful discourse and respect for legal outcomes. Let us uphold these principles and continue to engage in constructive dialogue about the future of our country.

Louisiana deserves public officials who uphold the highest standards of integrity. We cannot afford to elect leaders who prioritize their own interests over those of the people they serve. This verdict is a clarion call for all of us to demand better from our elected officials and to strive for a government that is truly by the people and for the people. We can't afford to send corruptible politicians back to Washington in the age of Trump.

As a candidate for Congress, I am committed to restoring trust in our political system. I will work tirelessly to ensure that our government operates with transparency and accountability, always putting the needs of our community first.
